**CD-850**  
Large Hosta Leaf, 14.25"L x 10.5"W

**CD-851**  
Small Hosta Leaf, 11"L x 8"W

## Slump Molds

Clay slumps down into the mold to create a concave shape.

## Hump Molds

Drape clay over a hump mold to create a convex shape.

Essential hand-building tools for every studio, these geometric shapes create the basis for functional and decorative masks, vases and bowls. They also provide structure for non-solid designs like lattice and coils.

Mayco's two-piece, slump & hump molds are packaged and sold as a set. Simply store both pieces together with a rubber band to protect the inner surface for years of use.

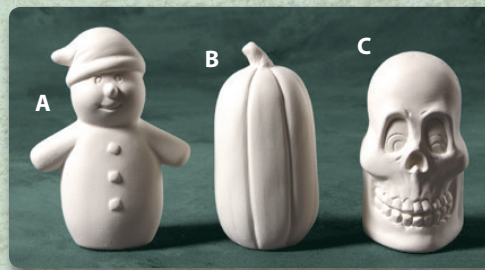

# Castables

**A.** CD-1278 Angel ..... 4.25"H x 3"W  
**B.** CD-1280 Monkey ..... 3.75"H x 3"W
