Decorating Accessories

- #4 Stiff Fan, #3 Round Brush, MM-SP Spritzer Cap

Designer: Carmen Allen

Instructions

- 1 Moisten a clean sponge and wipe bisque box to remove any dust.
- 2 Use a #4 Stiff Fan, apply 1 coat of DA67 Lamp Black to the entire box.
- 3 Once dry, use an #3 Round to apply 2 coats of MM-105 Gold Metallic to the facets and handle, then attach a MM-SP Spritzer Cap to the MM-200 Green Verde Patina and spray on wet paint.
- 4 Apply 2 coats of MM-106 Steel Metallic to the rest of the bottom half of the box and attach a MM-SP Spritzer Cap to the MM-305 Rapid Rust and spray on wet paint.

The activators will begin working a few minutes after they've been sprayed onto the wet paint. Give 24 hours to see full effects.
